# Editor's Note

Welcome to issue 11 of *Schwa*.

We are lucky to have a staff that has a passion for language and its varied uses. They have been very dilligent in doing their part to make this issue what it is. My hope is that any reader can sense that passion in *Schwa*.

We would like to thank the Department of Linguistics and English Language for the funding it takes to publish *Schwa*. We would also like to thank Dr. Cynthia Hallen, our faculty advisor, who has been patient and indispensible in helping us publish *Schwa* this semester. Finally, we would like to thank the authors who have submitted their papers to *Schwa*. We have learned so much and hope that the reader will gain some of that knowledge as they peruse this issue of *Schwa*.
